

Installation Instructions
SKU# 220462 (LD-C312)
Rated Voltage 12V

THIS INSTALLATION INSTRUCTION APPLIES TO 12V SIDE OF THE FITTING ONLY
NOTE: ALL WIRING CONNECTION OF 240V, A LICENSED ELECTRICIAN IS MANDATORY

PLEASE READ AND SAVE ALL INSTRUCTIONS CAREFULLY BEFORE USING THE PRODUCT

WARNING - to reduce the risk of fire, electrical shock or injury to persons or property, please follow the guideline below for safe use and installation.

INSTALLATION REQUIREMENTS:

- Do not exceed the maximum wattage rating
- The fitting is rated IP44, this must be maintained during installation.

INSTALLATION DIRECTIONS:

- Take care not to pull any wires during unpacking as a bad connection may occur.
- Level all the components on a smooth surface and make sure there is no component missing before assembly.
- Check whether the fitting has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Ensure all power connection is off for your own safety.

THIS INSTALLATION INSTRUCTION APPLIES TO 12V SIDE OF THE FITTING ONLY
NOTE: ALL WIRING CONNECTION OF 240V, A LICENSED ELECTRICIAN IS MANDATORY

1. Attach the spike to the bottom of the fitting by twisting it clockwise onto the fitting.
2. Connect power to the light fitting using the terminal block provided.
Ensure that the wires are secure and no bare wires are exposed.

3. Undo the screw on the side of the fitting to loosen the top.
Install the bulb (not included) into the lamp holder. Do not touch the bulb with bare hands, use gloves or a tissue. Using bare hands may reduce the life of the bulb.
Re-tighten the screw on the side of the fitting to secure the top. Take care not to damage the plastic ring when tightening the screw.
4. Turn on the power and enjoy your new light fitting.

TIPS:

1. To avoid injury or damage to the fitting, ensure that power leads and screws are secure before connecting the power.
2. Handle the fitting and cover/shade with care to avoid breakage.
3. Ensure that the fitting does not come in contact with corrosive chemicals, etc.
4. When changing or cleaning bulbs, turn OFF power and allow to cool. Do not touch bulbs with bare hands, use gloves or a tissue.
5. To clean, turn OFF the power and wipe with a damp clean cloth. Never soak the fitting with water.
