

HIMALAYAN SALT LAMP

SKU# 269400

Rated Voltage 220-240V~ 50Hz

Thank you for purchasing this quality Lucci product. To ensure correct function and safety, please read and follow all instructions carefully before assembly, installation and use of this product. Please keep the instructions for future reference.

Warranty

- This luminaire is covered by a 12 month warranty from the date of purchase. Please retain proof of purchase.
- Warranty will be void if there is any damage due to improper usage or modification to the luminaire.
- Failure to comply with the instructions in this manual may increase the risk of damage or injury and will void warranty.

Installation Requirements

- Select a suitable location for this luminaire:
 - This product is suitable for indoor use only.
 - Do not place flammable material near or over the luminaire.
 - Ensure the luminaire is not installed in direct line of an air vent/system.
 - If the luminaire is placed in an area prone to moisture, ensure that the area is well ventilated and an appropriately rated exhaust fan is used if required. Damage or corrosion caused by moisture is not a product fault, and as such is not covered under warranty.
 - Salt is corrosive to metal material. It is not recommended to place the salt lamp on a metal surface.
 - Keep out of the direct sunlight.
- Take care not to pull any electrical wires during unpacking as this may damage the connection.
- Lay out all the components on a smooth surface and make sure there are no components missing before assembling. If parts are missing, return the complete product to the place of purchase for inspection or replacement.
- Check whether the luminaire has been damaged during transport. Do not operate/install any product which appears damaged in any way. Return the complete product to the place of purchase for inspection, repair or replacement.
- Do not plug into the mains power socket outlet before or during assembly. Only do so after the portable lamp is fully assembled with the globe installed and is ready to use for the first time.

Installation Directions

1. Remove all packaging material from the product and be careful not to throw away accessories that may be hidden within the packaging material. To help with assembly, lay the luminaire on its side on a smooth non scratch surface.
2. Select a suitable location for the salt lamp (A). See sections of installation requirement & the safety warning.
3. Insert the power supply (C) into the mains power socket outlet and ensure it is fully plugged in.
4. Turn power on at the mains power socket outlet.
5. Use the cord line switch (B) to turn the lamp on/off.

Safety Warnings for Salt Lamp

- Salt lamps have a tendency for the enclosure or shade to absorb moisture from the air. As a result, areas with high humidity may cause weeping of water out of the salt lamp, which can accumulate at the base or near the lamp. Please be mindful when positioning the lamp as the excess water may mark or stain the surface beneath.
- **Do not place the salt lamp in such a way any accumulated water may track along the flexible cord to the connection of the power supply.**
- **Place the power supply sufficiently away from the base of the lamp so that it is not exposed to the accumulation of water.**
- Salt lamps shall only be used with the power supply unit provided with the salt lamp.

NOTE: The appearance & weight of each salt lamp may vary due to the nature of the product.

Safety Tips

- Always ensure the power is OFF and the luminaire has cooled down before performing any maintenance, cleaning, changing the globe or making any adjustment to the luminaire.
- The external flexible cable or cord of this luminaire cannot be replaced; if the cable or cord is damaged, the luminaire shall be destroyed.
- To avoid injury or damage to the luminaire, ensure that power leads and screws are secure before connecting the power.
- Young children should be supervised to ensure that they do not play with the portable lamp.
- Handle the luminaire and/or shade with care to avoid any damage or breakage.
- Select a suitable location away from liquids and hazards.
- To clean, wipe with a soft damp cloth. Do NOT soak or immerse the product in water or other liquids.
- Ensure that the luminaire does not come in contact with corrosive chemicals/solvents or abrasive cleaners etc.
